EC-Council — Cybersecurity Skills Platform

EC-Council membership programs

BUILD · MOBILE APP · WEB

The challenge

'Hackers are here. Where are you?' Cybersecurity professionals are only as successful as their skills are current — EC-Council's membership needed a digital experience worthy of that urgency.

What we did

DWI delivered the mobile app and website experience for EC-Council membership: access to CISO co-authored programs and content, skill assessments and analytics — the most effective path to building business-critical skills, without limits.

The outcome

A global-grade education platform presence — and the anchor of our Education & Knowledge Brands practice alongside a PPP international school launch and a donated Vedanta learning ecosystem.

Have a similar challenge? DWI.agency (a DIAS Works company) takes ideas to sale across brand, web, mobile, enterprise platforms, digital marketing and launches — now accelerated with AI. Brief us at www.dwi.agency/start-project.html or write to vinod@dias.works.
